Dear Team,

I am writing to express my deep frustration and disappointment regarding the ongoing and unexplained delays in the construction and possession of my flat (T3-2502) at VTP Sierra.

As per the RERA agreement, the possession date is June 2024. We are now in June 2024, and not only has there been no communication about timely possession, but the construction progress on T3 has been almost negligible for months. During our last meeting, Ankit mentioned a further delay of three months, with "soft possession" in September and final possession in December. However, the current pace of work does not inspire any confidence in even these revised timelines.

This situation is completely unacceptable. I have been paying both my home loan EMIs and rent for the past four years, and the ongoing delays are causing significant financial and emotional distress. The lack of transparency and visible progress is extremely concerning.

I demand the following:

- A detailed and honest update on the current status of construction for T3, specifically for flat 2502.
- A clear, realistic timeline for both soft and final possession, with specific dates.
- An explanation for the slowdown in construction activity and what steps are being taken to expedite the process.
- A written commitment on compensation for the delay, as per RERA guidelines.

If I do not receive a satisfactory and concrete response within 5 working days, I will be compelled to escalate this matter through all available legal and regulatory channels, including RERA and consumer forums.

I expect an immediate response with the requested details.

Best Regards,

Vishal Kumar

Dear Sir,

We are expediting construction on site. We value your trust in VTP Realty and are committed to addressing your concerns.

We acknowledge and understand your concerns regarding the progress of T3. Also, We are making consistent progress on the project and foresee the units being ready for possession by December 2025."

Regarding the compensation provisions, I would inform that VTP SIERRA is a RERA-compliant project. In the event of any delays, compensation will be processed according to the terms outlined in the agreement and in alignment with RERA guidelines, if applicable.

Thank you for your understanding and support. Please feel free to reach out if you have any further questions or require additional information

Thank you again for your continued cooperation.

Thanks & regards,

Balaji Ekande.
