Dear Customer,

Further to our February 18 update, please find the current status of the OC process:

As of Feb 11, the Sus area has transitioned from PMRDA to PMC jurisdiction, requiring a mandatory handover of all official records.

We are currently coordinating with PMC officials to resubmit our OC application as soon as the record transfer is complete.

We are aiming to secure the OC by the end of March 2026, subject to government approvals.

We understand your eagerness to move in and are doing everything possible to fast-track this administrative transition. Thank you for your continued patience.

Thanks and Regards,
BALAJI EKANDE
